PROFESSIONAL SUMMARY

React Native Developer with 3+ years of experience building and shipping high-performance mobile apps for Android and iOS, published on Google Play Store and Apple App Store. Skilled in React Native, Kotlin, REST APIs, Firebase Push Notifications, Google Maps, Razorpay, offline storage with Realm DB and SQLite, JWT authentication, CCTV modules, and analytics dashboards. Focused on clean UI, performance, and production releases.

TECHNICAL SKILLS

Languages / Frameworks	React Native, Kotlin, JavaScript, TypeScript
State / Networking	Redux, Axios, REST APIs, JWT Authentication
Payments / Maps	Razorpay Payment Gateway, Google Maps, Geolocation
Notifications	Firebase Push Notifications, FCM
Storage	Realm DB, SQLite, Offline Caching, Firestore
Tools	Android Studio, Xcode, VS Code, Git, GitHub, Bitbucket
Release	Android (Play Store) and iOS (App Store) deployment

WORK EXPERIENCE

Junior Software Engineer – React Native Developer

Varsity Education Management Pvt. Ltd. | Madhapur, Hyderabad | Dec 2022 – Present

- Developed and maintained production React Native apps for education and enterprise use cases, published on Android and iOS.
- Integrated Firebase Push Notifications for real-time parent and employee alerts across applications.
- Implemented Google Maps and geolocation for campus tracking, attendance, and location capture.
- Integrated Razorpay for secure fee and payment flows with transaction status handling.
- Built offline-first modules using Realm DB, secure session handling, JWT authentication, and auto-login.
- Collaborated with backend and QA on API integration, bug fixes, performance optimization, and store releases.

PROJECTS

1. Sri Chaitanya Parent Connect (Published – Android & iOS)

Parent-facing app for fees, academics, attendance, and school communication.

- Developed Fee Summary, Fee Receipts, Student Attendance, Exam Marks, Feedback, Outing Requests, and Communication modules.
- Integrated Firebase Push Notifications, JWT authentication, auto-login, and secure session handling.
- Integrated Razorpay for fee payments with success/failure callbacks and receipt updates.
- Implemented performance charts and offline caching with Realm DB.
- Live on **Google Play Store** and **Apple App Store**.

2. SCAITS App (Published – Android & iOS)

Campus management app for student attendance and organization-wide academic monitoring.

- Built attendance tracking, real-time institution records, and academic monitoring flows.
- Delivered production Android and iOS releases for Varsity / Sri Chaitanya institutions.
- Live on **Google Play Store** and **Apple App Store**.

3. SC Employee App (Published – Android)

Employee and campus operations app for tracking, attendance, and student details.

- Built Course Track, Faculty Tracking, Section In-charge, Attendance, Hygiene Cleaning, Camera, and related modules.
- Implemented Google Maps and geo-location capture for campus and field tracking workflows.
- Added student detail modules including Fees, Marks, Parent Profile, Address, Summary, and Attendance.

4. Neuropep – Intricare

Health & wellness React Native app with AI Smart Protocol Builder for peptide protocol management.

- Built home dashboard with Morning Brief, protocol builder CTA, tracking, lifestyle, and profile navigation.
- Delivered clean modern UI flows for protocol setup (goal, experience level, frequency) and daily wellness tracking.

5. MIS App (Published – Android & iOS)

Management Information System for leadership dashboards and campus monitoring.

- Created dashboards to track students, employees, fee collection, academics, and attendance.
- Integrated CCTV streaming for campuses using third-party APIs with analytics and offline support.

6. Hostel Management App (Personal)

Hostel owner app for buildings, rooms, beds, members, rent tracking, Firebase Auth, and Firestore sync.

EDUCATION

B.Tech – Mechanical Engineering (2021)

University College of Engineering, JNTUK (Eswar College of Engineering), Kakinada – 533003
